THE BRIGHTER IDEA

VL 25000P

Li ion Rechargeable Battery Ultra Power LED Video Light

Light source	: 35 x XML LED + 10 x XPE Red LED
Light output	: 2500 Lm (level I), 6250 Lm (level II) 12500 Lm (level III) , 25000 Lm (level IV)
Light output (Red color mode)	: 1000 Lm
Casing material	: Aluminum alloy. Anti-corrosive anodized
Power source	: Li ion Rechargeable battery pack
Angle of light beam	: 160 ° wide beam
Color temperature	: 6500K
Burn time	: 2.5hr (level IV), 5hrs(level III) 10hrs(level II) and 25hrs (level I)
Maximum depth	: 100 m tested
Size	: Dia. 108 x L. 152.4mm
Weight in air	: 2300g (including battery)
Buoyancy in seawater	: -940g (including battery)
Switching system	: Push button
Front glass	: Tempered optical glass

Battery level indicator
built-in : Blue color /
Green color / Red color /
Flash Red color

35pcs XML LED
to provide
25000 lumens

4 levels of brightness for
Flood beam mode,
1 level of brightness of
Red color mode and SOS
controlled by a reliable
push button design

Easy to charge up the
battery pack

Comes with ball joint
for easy system setup

Built-in red color led
enhances focusing
performance

Ergonomic aluminum
handle comes in a
package

The Most
